Criteria 1 - Curricular Aspects

1.1 Curricular Planning and Implementation

1.1.1 The institution ensures effective curriculum delivery through a well planned and documented process

We are an affiliated college and hence we follow the curriculum designed by Sant Gadge Baba Amravati University, Amravati. We undertake following measures for effective delivery of the university curriculum.

1. There is a central time-table committee which prepares the time-table for the college for the entire session.
2. At the beginning of every academic session, a comprehensive teaching plan is prepared by every department/ teacher of the college which includes the delivery of lectures, and practical.
3. At the beginning of every academic session, the Principal addresses the newly admitted students in ' Know Your College' program. This program orients the students about: facilities and welfare schemes available, maintenance of discipline, add-on courses and extra-curricular activities.
4. At the beginning of the course, teachers take few lectures on the orientation about curriculum.
5. Unit Tests are conducted periodically and reports along with the results are submitted to Examination Committee. Periodical meetings of Heads of the Departments are held with the Principal to review and discuss the curriculum delivery.
6. Intra-departmental meetings for the review of the teaching, planning of unit tests, seminars etc. are also conducted.
7. The students are given assignments, seminars and project under the supervision of the faculty.
8. Various eminent faculty members from other institutions are invited frequently for guest-lectures so that the students should get exposure to the current trends and the latest subject knowledge.

9. ICT is used for effective teaching by the teachers of various departments.

10. Many of our departments organize study tours, excursions and industrial visits for student's exposure to real world knowledge.

11. The faculty members encourage the students to go beyond the textbooks and make use of online resources available at the institute level, viz. Network Resource Centre, free Wi-Fi facility, to update and enhance the subject knowledge.

12. Tutor-Ward (Mentor-Mentee) system is implemented for identifying weakness and strength and addressing issues related to academic, social and mental stress.

The skills learnt through extension activities like NSS, etc help the students to learn time management, build self esteem and practice goal setting. Grievance mechanism related to teaching, learning, evaluation and assessment processes is transparent and time-bound.

Feedback on teaching and curriculum is taken from the students for ensuring better delivery and effective implementation of curriculum.
