7.1.1 Measures initiated by the Institution for the promotion of gender equity and Institutional initiatives to celebrate / organize national and international commemorative days, events and festivals during the last five years

1. Safety and Security

Women Development Cell, Anti-Ragging Cell, Discipline Committee and Grievance Redressal Cell play important role in generating awareness and addressing gender related issues. All these committees are constituted as per rules and regulations of State Govt. or affiliating university. Internal Complaints Committee is constituted as per the regulations of Maharashtra Govt. 2013 Act for prevention and prohibition of sexual harassment, if any, preserving anonymity. Location of the college on the hill, away from the town, helps us in maintaining the discipline and providing the security to girls.

Following initiatives are taken to ensure safety and security of the female students.

- The college campus is under CCTV surveillance.
- Suggestion box is installed to drop suggestions or complaints from students regarding safety and security. The complaints are immediately resolved by the Grievance Redressal Cell.
- The discipline committee of the college safe guards the campus in all aspects. This committee monitors the campus for avoiding unfair incidences and intentionally keeps watch on the vulnerable places. In college campus, the Identity Card is compulsory for students and staff.
- During the seven days NSS residential camp, security and safety is provided by allotting special duties to all female faculty. One of the female staff is appointed as NSS Programme Officer.
- During mega events like cultural and sports Days when most of the students are present on the campus, the discipline committee, student council and NSS volunteers together maintain the safety and security.
- Transport facility is immediately provided in case of medical emergency.
- Women development Cell of the college functions very actively and conducts various activities for safety and security and empowerment of female students in the college.

- The training in self defense mechanisms like ‘Judo-Karate’ and Hemoglobin check-up camp was organized for girl students.

2. Counseling:

Counseling of girl students is done by female faculty regarding health issues, cleanliness, use of washrooms, discipline, etc. Women cell organizes all important activities associated with the counseling of the girls and boys. Various lectures, poster presentation and street plays are organized on prevention of female feticide.

3. Common Room:

- Girls waiting halls and rest rooms are provided in each block in the campus with required facilities.
- Central library provides reading space for girls, which is utilized during free periods.
- College canteen has space for girls to avoid inconvenience during working hours.
- courts are provided for sports and games of girls and they are always encouraged.

AN AWARENESS LECTURE ON GENDER SENSITIZATION

Date : 15/11/2018

Venue : Gawande College of Pharmacy Sakharkherda

We are very well aware of women safety is a big step taken into consideration by most countries Gender equality isn't only about women, but man too. To acknowledge more about this subject a awareness lecture was organized by B. Pharm Students on 15 NOV 2018. The lecture on the same was delivered by Shri Shripal Sabnis. He informed about how gender sensitization takes place in the society, such as socialization which includes family and society, education, media and language. He also made the session very interactive by reminding the student how boys and girls were given different toys to lay during childhood. He also highlighted why gender sensitization is important and notified laws made in our legal system regarding the same. He also told why it's important for girls as well as boys lodging complaint and option for conciliation without financial settlement; which made students very well aware of actions taken against an accused. All the doubts were cleared after the lecture. At last she gave a good message like "Men of quality respects women's equality" which had a very good impact on student's mindset.

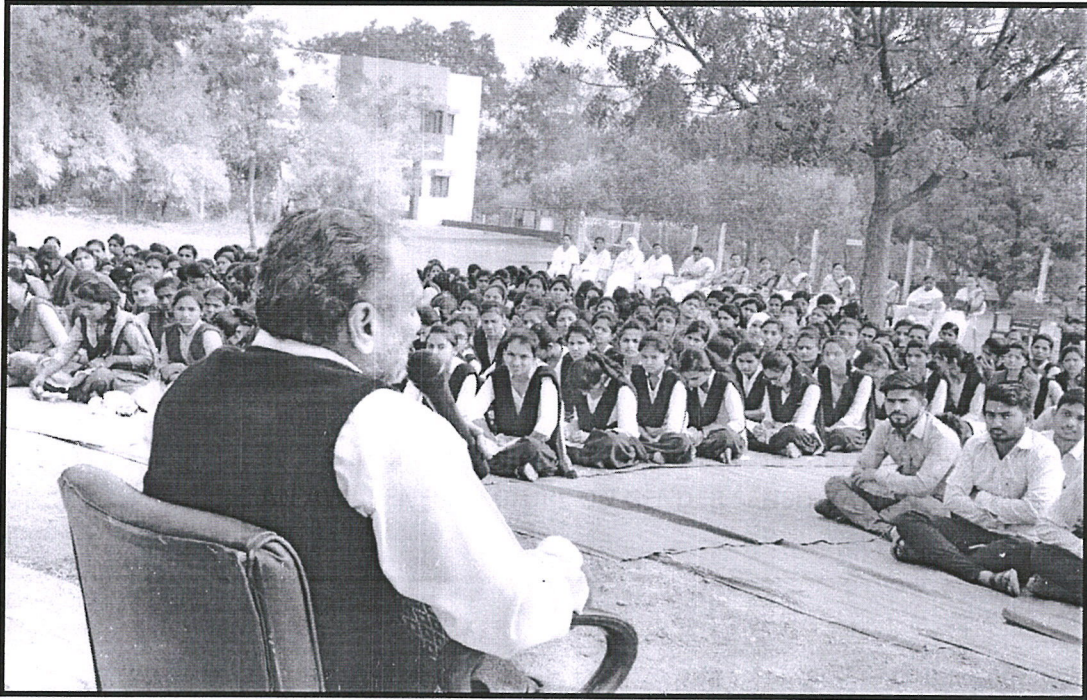

Totally 106 students were present for this lecture of which 26 boys and 39 were girls students 06 Teacher were present for this programme. Anchoring for the event was done by Asst. prof. Miss S. R. Deshpande and vote of thanks was given V. B. Sapkal The event concluded by National Anthem.

Women's Economic Empowerment:

Gawande College of Pharmacy, Sakharkherda

Activity Report

Academic Year	2020-21
Name of the Activity	Women's Economic Empowerment
Date	17 Dec. 2020
Time	12.30 am to 2 pm
Venue	Online Zoom Meeting
Organized by	B. Pharm Students
Co-ordinator	Asst. Prof. Asma Parwin Ismile Sheikh
Number of Beneficiaries	19
Nature	Extension activity
Brief information about the activity	<p>The event was inaugurated by Mrs. Seema Mohokar. In Her speech she said that female economic power also enhances the "wealth and well-being of nations." Women who control their own income tend to have fewer children, and fertility rates have shown to be inversely related to national income growth. Women are also more able - and generally more willing than male counterparts - to send daughters as well as sons to school, even when they earn less than men. In turn, a woman's level of education affects her decision-making process when it comes to questions about contraception, age of marriage, fertility, child mortality, modern sector employment and earnings.</p> <p>Dr. Prashant Patil informed to the students women's economic empowerment must not be examined in a vacuum. Unfortunately, widespread cultural and economic practices</p>

	<p>work to prevent empowerment. To fully assess the opportunities and obstacles that exist, the intersection of political, social/cultural and environmental conditions must be analyzed alongside traditional economic indicators. Factors impacting women's economic empowerment include: Lack of adequate access to education, training and technology Lack of access to clean water, sanitation Lack of access to credit/finance, safe work conditions, living/minimum wages.</p> <p>Cultural practices, tradition, religious interpretations of women's status Women's lack of knowledge about rights and laws (economic, social, political, religious) Lack of adequate representation in decision-making positions and governance structures.</p>
